VCE delivers hand-crafted quality solutions for the Higher Education market. We work with our institutions to deliver the flexible, space-saving and safety-conscious products that today's students demand. The goal of every project is to satisfy the students' needs while delivering top quality products and service within budget, and on time.

About Us

Virginia Correctional Enterprises is a self-supporting agency established by the Virginia General Assembly over 85 years ago to employ and train inmates in the Virginia Department of Corrections. VCE's job-training programs help Virginia to post among the lowest reincarceration rates in the country.

VCE products are constructed with pride and established industry certifications and standards, while generating the hard and soft skills for our inmate staff to reenter into society and gain meaningful employment.

VCE job training programs are voluntary and inmates apply and interview to be accepted. The job skills and experience gained from VCE programs provides inmates a greater chance of finding a job after release.

Preparing for a Successful Reentry

Virginia Correctional Enterprises provides work experience that mirrors private-sector business environments.

Soft Skills

On-the-job training and workshops teach inmates how to excel at communication, teamwork, time management, accountability, lean practices and responsibility.

Technical Skills

Inmates learn specialized skills for modern industries, from equipment operations to AutoCAD to maintenance solutions.

Apprenticeships & Industry/Vendor Certifications

The job skills and experience gained from VCE programs enable inmates a greater chance of finding a job after release. These opportunities include registered apprenticeship programs, such as Warehouse Logistics and Materials Handler, and industry/vendor certification programs, such as the Sherwin Williams Protective Coating Applicator Program.

Seating

Piper Chair
Strong, sleek, attractive
stackable chairs

Period Loft Bed

The VCE period bed is built to withstand youthful exuberance through solid oak wood manufacturing

Collaborative Spaces

When students work together, great ideas are born and connections are made. People learn from one another. Rapidly changing technology has transformed the manner in which learning takes place. Today's active learning style requires fluid multi-purpose spaces that can be easily transformed for large groups, small teams or individual learning needs.

Collaborative Spaces

Junxion

Lounge furnishings configured in infinite ways to meet the need for quiet and privacy – for focus or group work – in noisy, open spaces.

Hiline
Lounge furnishings that bring functional design together with privacy to create a dynamic space for people to connect.

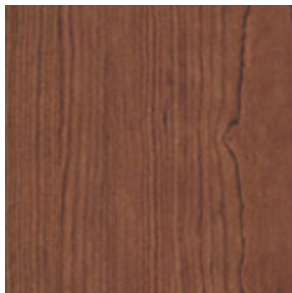

Atelier 2

Versatile soft seating that brings functional design together with privacy to create dynamic spaces for meeting, eating or focus work.

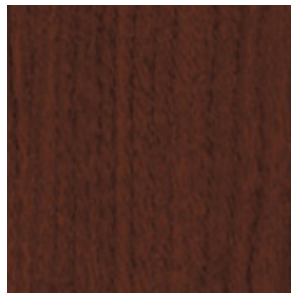

Danforth
Modular seating that adds a classic presence to any space. Easy to move and easily assembled.
